SECOND CLARIFICATION NOTICE OF PAYMENT RESUBMISSION FOR
RENEWED PETITION
PURSUANT TO 37 CFR 1.378 (e)

Dear Mr. Paul Shanoski:

Pursuant to our conversations earlier today that clarified the misunderstanding regarding the submission of fees, we resubmitted credit card payment for deficient maintenance fees yesterday.

As we discussed, we filed a Petition to Accept Delayed Payment of Maintenance Fees on February 16, 2012. The petition was dismissed based on deficient payment of \$520 in maintenance fees among other grounds. However, we were granted permission to submit a renewed petition to include the deficient maintenance fees. We submitted renewed petition via the EFS website (and petition fees) as well as the attached fax with the proper credit card form by the May 16, 2012 deadline.

Unfortunately, due to the misunderstanding we discussed earlier today, the credit card payment was not processed. Finance Office personnel, Mr. Michael Bangura, saw the petition filed on February 16, 2012 was dismissed and that no decision was made on the renewed petition filed on May 16, 2012. Based on this information Mr. Michael Bangura thought he should not accept payment for this case and did not process the timely filed credit card form. This was the misunderstanding. We have enclose his notice showing although we submitted the credit card

form and payment on May 16, 2012 at 10:26pm ET (see May 16, 2012 Fax page 1 submitted earlier today), the Finance Office mailroom received the credit card form the next day May 17, 2012 which is the normal course of business for the USPTO in such matters.

Based on the foregoing, we resubmitted the credit card form on May 24, 2012 by fax (the day we received the enclosed notice by mail) to be processed for the deficient maintenance fees as well as providing the date stamped original fax with the credit card form that shows payment was submitted on May 16, 2012. We have enclosed the May 24, 2012 credit card form as well as the fax (including the May 16, 2012 credit card form) sent to the USPTO on May 16, 2012 with our earlier Clarification Notice submitted earlier today.

If you have any questions, please feel free to contact me at the number below.

Respectfully submitted,

Da Vinci Intellectual Property
